

FINDING HOME ATX

GOVERNANCE

June 2022

For the very first time

Austin has a plan developed by diverse community members as part of the Homelessness Summit.

380+ people invited

March, April: Plenary Sessions & Workgroups

Hours of insight from:

- people with lived experience
- service providers
- racial justice advocates
- the faith community
- the business community
- ...and more

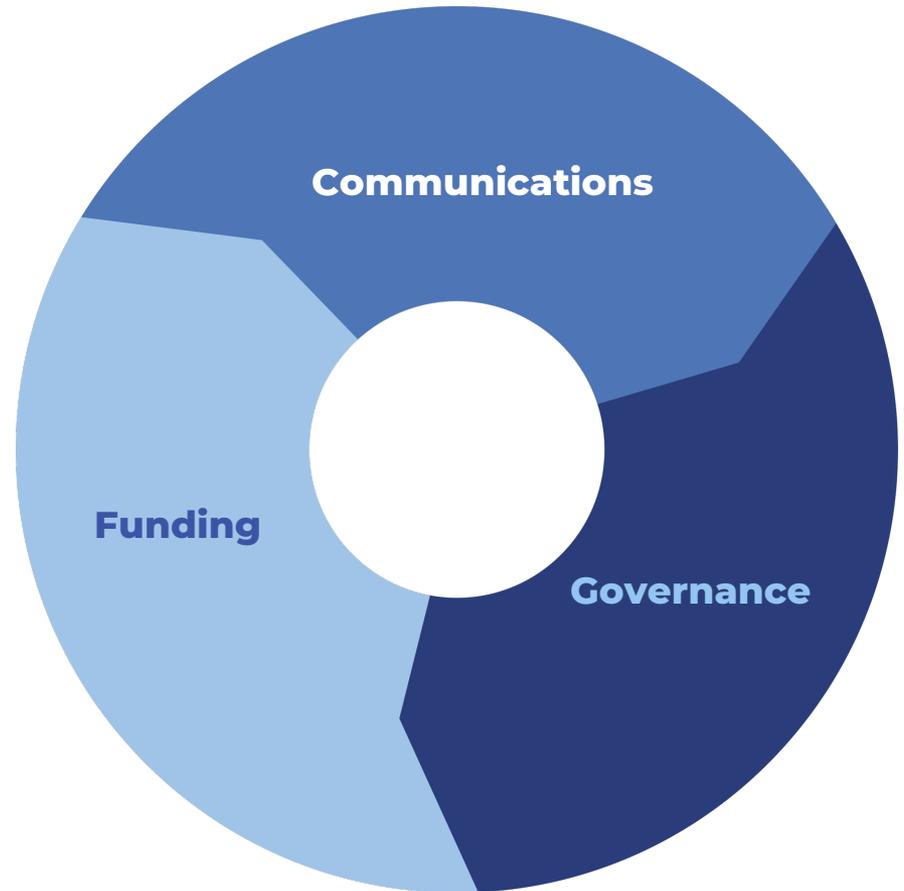

The Plan

Building a **robust and responsive system** that serves short-term and long-term needs of people experiencing homelessness.

Starts with helping
3,000 Austin residents
experiencing homelessness
to find a home
over the next three years.

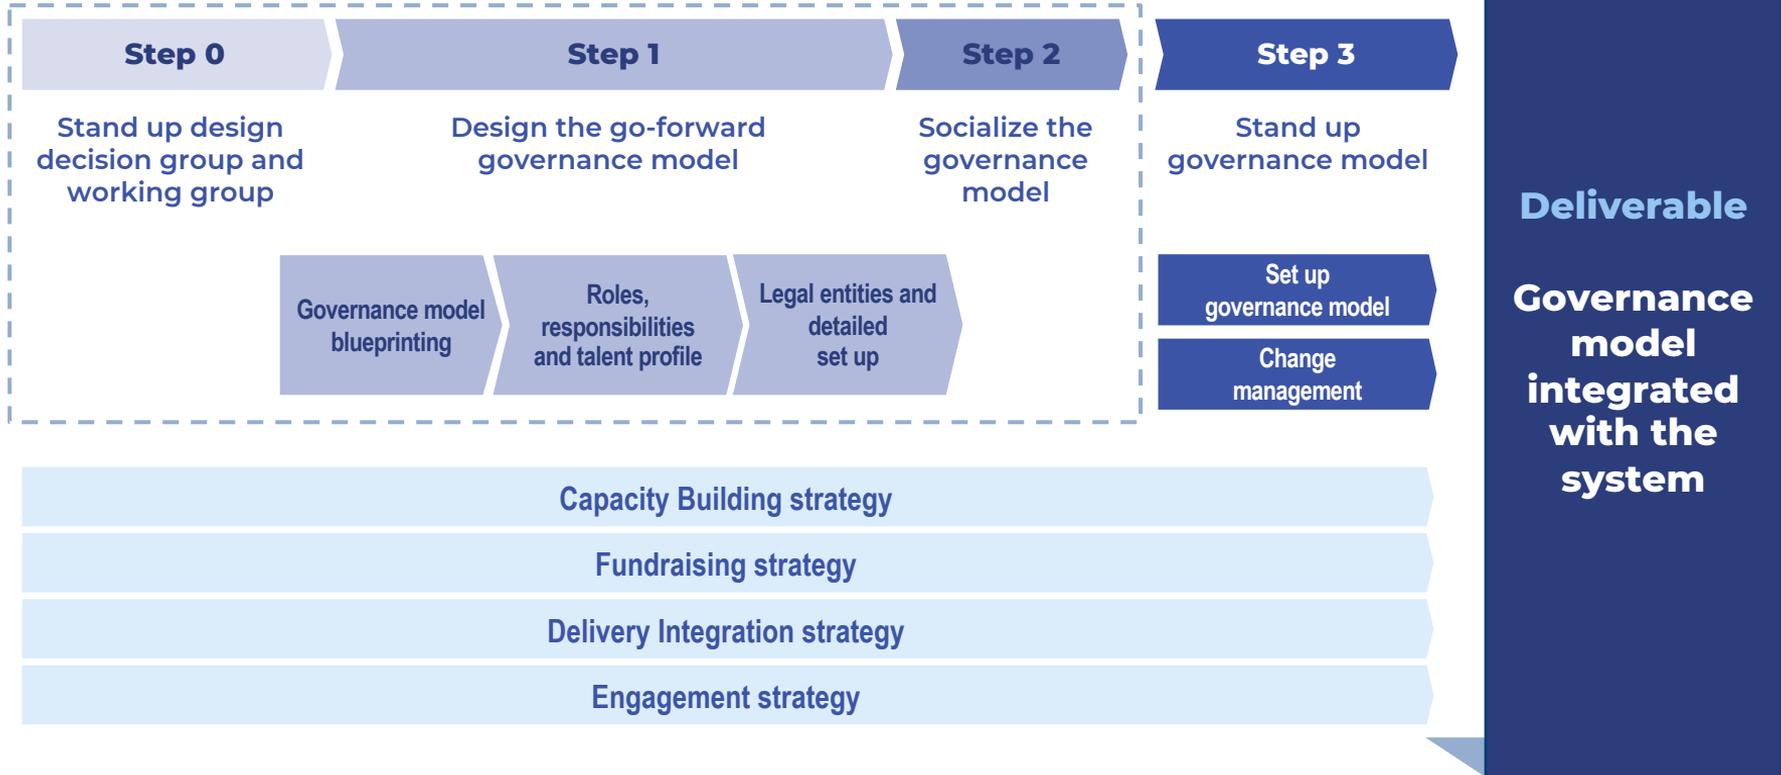

Our Robust and Responsive Rehousing System

A community-fueled path
to address homelessness.

High-Level Work Plan

Scope of current work

What Our Governance Model IS and IS NOT

It must complement
the Continuum of Care
Council, Echo's Board, City
Department leadership

**Replace existing
organizations or their
governance**

**It must
clear a path**

**Create additional
Barriers to system
implementation**

**It must value
community,**
The amazing efforts underway
and an outcomes north star

**Be jeopardized by
self-interest, heroics
and stagnation**

How do we co-create our robust and responsive system?

System Objectives

Ensure a complete coordinated end-to-end system that:

Provides the necessary resources, influence and skills to deliver our ambitious goals

Supports existing, vital resources in place

Enables creating new resources to fill critical gaps

Establishes a highly effective public-private partnerships

Accelerate efforts to raise private sector funds

Assures allocations are priority and efficiency driven

Tracks end-to-end performance and support adaptation

Continuously learns from proven and innovative models

How do we co-create our robust and responsive system?
